Magnetic Hematite Wrap

You will need:

- 30 5x8 Faceted Magnetic Hematite Beads
- 58 4mm Bali Style Sterling Silver Spacers
- 87 5mm Colored Beads
- 2 #1 Beadalon Crimp bead
- 2 silver seed bead
- 1 32" strand of Beadalon Professional beading wire

Step 1: String 1 silver seed bead, 1 magnetic bead and 1 crimp bead on to the end of the beading wire

Step 2: Thread the wire so it goes through the Magnetic bead and the crimp bead forming one end of your strand.

(the wire will only go once through the silver seed bead forming the very end of your strand)

Step 3: Using needle-nose or bend nose pliers "crimp" the crimp bead flat

Step 4: String beads onto wire in this order:

- Colored bead
- Spacer
- Colored bead
- Spacer
- Colored bead
- Magnetic bead

Step 5: Repeat pattern until you have 1 magnetic bead remaining.

Step 6: String the crimp bead, the magnetic bead and the seed bead onto the strand.

Step 7: Turn your wire back into the magnetic bead so the strand goes through the crimp again as well as a few Colored beads.

Step 8: Holding the seed bead, pull the wire tight. You want your wrap to have a little play but not a lot.

Step 9: Using needle-nose or bend nose pliers "crimp" the crimp bead flat to lock your project together.
